

Miss Lizzy's Traveling Historical Fashion Show, here represented by Lisa Ashton, affirms that to the best of my knowledge, the purposes and activities of this Special Interest Group of the ICG are educational in nature: to extend our knowledge of Victorian and Edwardian fashion and culture by collecting, preserving, studying and repairing extant garments, photographs, artifacts and ephemera of that period and to enable its members, friends and interested visitors to "hold history in their hands", and use our databases and collections to further their own knowledge and understanding. Our newly-drafted Bylaws forbid any salary or material compensation to its members, and we see our purpose as educational outreach, and accumulation and inventory of knowledge. We encourage donations of historical items for preservation and study.

Because this SIG is new, there are no financial reports available for past years. Miss Lizzy's EIN for the organization is: 47-1438306.
