

We are requesting affiliation with ICG (International Costumers Guild) as CANT (Costumers Anonymous of North Texas).

Below is the list of our Officers and members. CANT was established about 2010 (perhaps a bit earlier) by a group of costumers who were supporting local science fiction conventions. The group was quiet for a while but re-emerged in 2014, with a strong presence in 2015. We have a wide variety of crafters in our group – so our focus is on all aspects of costuming.

This group is active in FenCon (www.fencon.org) as well as WhoFest (www.whofestdfw.org). We are also active in other regional events across Texas. Last year we sponsored the CANT costume repair room for one con, which was an enormous success, and fueled the request for us to do it again at several more cons. This year we are also doing the entire costuming track as well as the repair room.

Our facebook page is our most active social communicator – as our web page is currently being built.
