Dear Dave:

On behalf of the International Costumers' Guild (ICG), I would like to thank the Chicon 7 Board again for their generous donation to the Pat and Peggy Kennedy Memorial Archives Fund in the amount of \$1000.00. The cheque arrived and has been credited to the Archive.

The Pat and Peggy Kennedy Memorial Archives is continuing its work in 2014 to acquire and archive significant collections of photographs, video and paper ephemera that record the costuming arts and sciences in relation to Science Fiction conventions and other events where costumes are worn. The Archives is making additional historical photos available, and releasing new videos with footage of costumes from past conventions and other events, in support the ICG's non-profit, educational mission.

Chicon's donation will help the Pat and Peggy Kennedy Memorial Archives to significantly increase its capacity to scan and process archival photos and other print media in its collection and make them available for reference and research. ICG Archivist Pierre Pettinger and ICG Gallery Administrator Bruce Mai both asked me to let you know how much this donation means to their work, and to pass on their personal thanks.

Sincerely,

A handwritten signature in black ink, which appears to read "Philip Gust". The signature is fluid and cursive, with a long horizontal line extending to the right.
